About Us

Vishwas Trading Corporation was established in the year 1980 by Mr.M.Vishwanath it's a professionally managed organization which is recognized and well acclaimed market leader in supplying and dealing in a wide range of quality products and services such as Polycarbonate Sheets, Acrylic Plastic Sheets, Polystyrene plastic sheets, Colour Coated Metal Sheets, Fiberglass (FRP) roofing sheets, Sandwich Panel Sheets, Turbo Ventilators, Industrial Laminate Sheets, Hylam Switch Board Sheets, Diffuser Sheets and Accessories.

Incepted in Bangalore, we supply an outstanding variety of products for diverse applications. We provide cost-effective and complete quality solutions for our clients from different industries. We would not have reached the heights of success without the support of our dedicated, skilled and proficient manpower who help us to offer products in the market at a cost-effective price without compromising on the quality.

ACRYLLIC PLASTIC SHEETS

We supply imported cast acrylic plastic sheets which are made from poly(methyl methacrylate) or PPMA which is highly used from of acrylic sheets having unique physical properties like light in weight, high strength, brilliant clarity and flexibility of moulding to different shapes and size.

Colours

Clear transparent, frosted, translucent white, opaque colours, mirror finish and translucent colours.

POLYSTYRENE PLASTIC SHEETS

We are the leading wholesaler suppliers of a wide range of Polystyrene plastic sheet products. These products are manufactured using premium quality monomer styrene. Our products are recognized for their features like clear transparency, better durability, lightweight, easy handling and cutting, corrosion resistance and economically viable.

Colours

Clear transparent, frosted, translucent white, opaque colours, mirror finish and translucent colours.

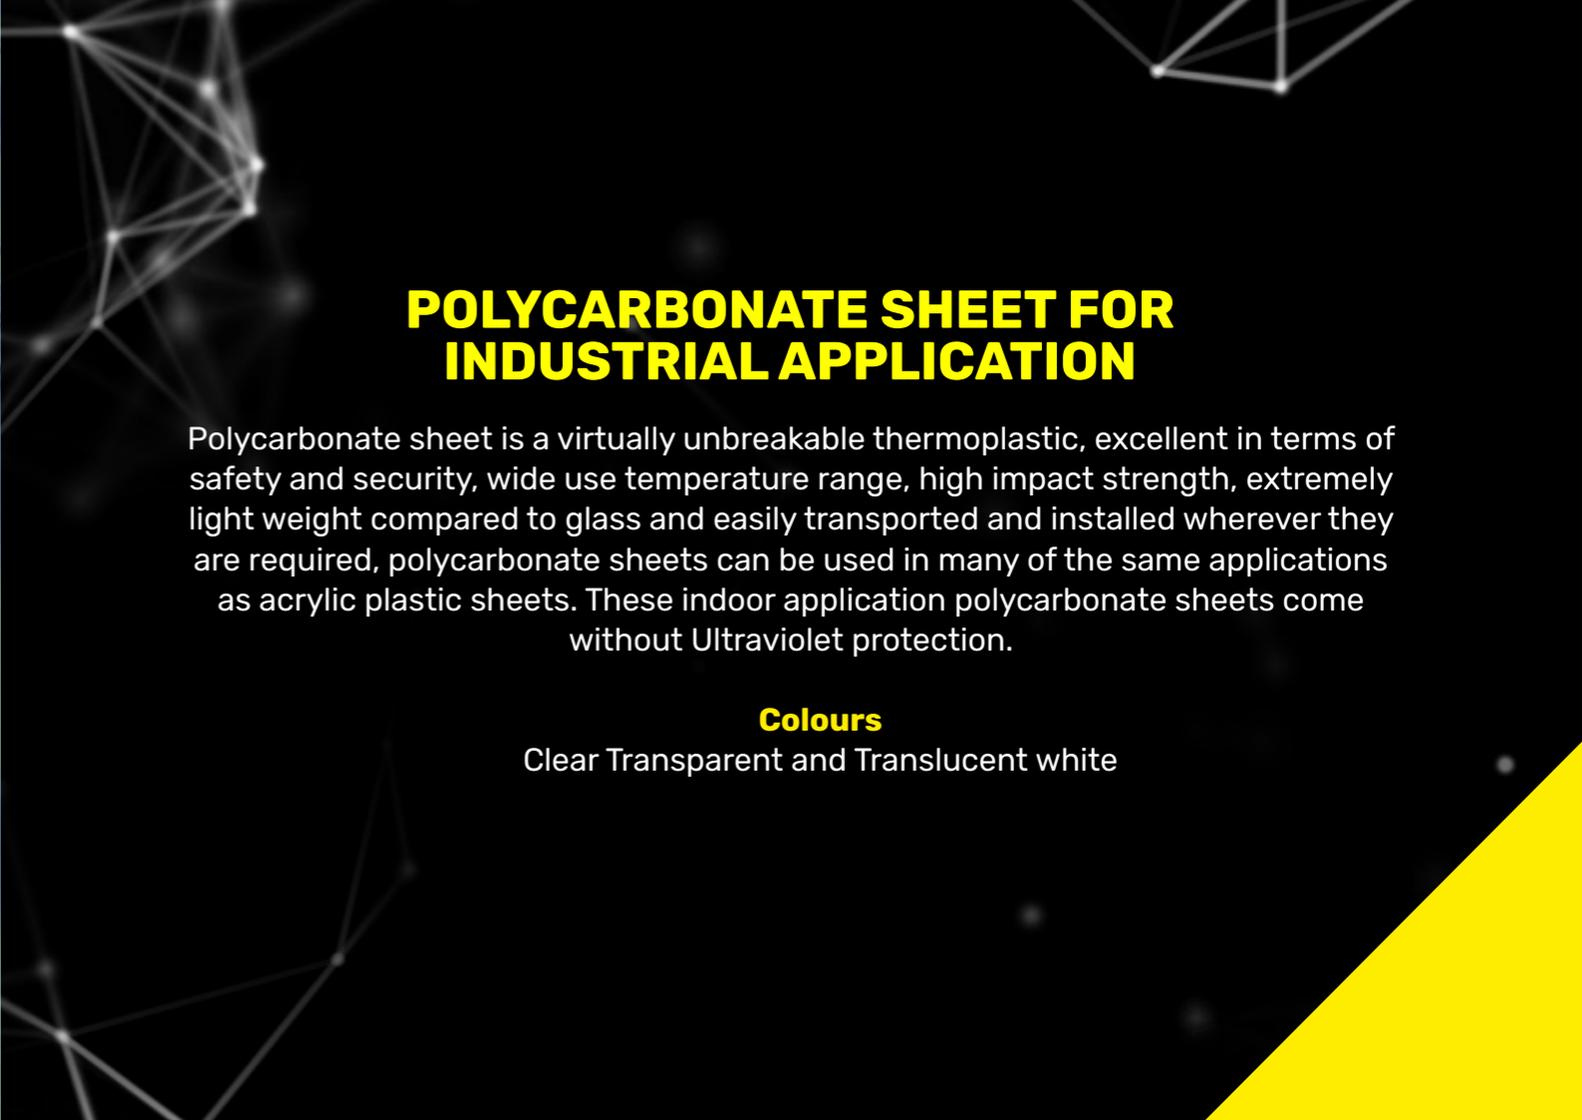

POLYCARBONATE SHEET FOR INDUSTRIAL APPLICATION

Polycarbonate sheet is a virtually unbreakable thermoplastic, excellent in terms of safety and security, wide use temperature range, high impact strength, extremely light weight compared to glass and easily transported and installed wherever they are required, polycarbonate sheets can be used in many of the same applications as acrylic plastic sheets. These indoor application polycarbonate sheets come without Ultraviolet protection.

Colours

Clear Transparent and Translucent white

POLYCARBONATE ROOFING SHEETS

The Ultraviolet resistance and protection is one of the excellent properties of polycarbonate sheets for Roofing and outdoor purpose which makes it the preferred material for heat resistant, Allowing sunlight, withstanding heavy rains, this enable them to last for many years without fading or dis-colouring. Polycarbonate sheet can be cut, sawn and drilled by using standard workshop equipment without the risk of cracking and breakage. Available in Different designs like multiwall, compact clear transparent and compact embosse design.

Colours

Clear, green, blue, bronze, opal white, ocean blue.

INDUSTRIAL LAMINATE SHEETS

Being a leading name in the business sphere for offering a superior quality and wide variety of high pressure decorative laminates, our company is engaged in supplying industrial laminates for applicaion like cabin partition, exhibition stall partitions, kitchen doors , interior partitions etc.

Colours

White, ivory, earthy wood grain and modern designs.

HYLAM SHEETS

Hylam sheets are also known as phenolic laminated sheets or bakelite sheets manufactured using kraft paper and phenolic resin. Which are used for its mechanical strength, heat resistance and low absorption of water, Suitable for Mechanical and Electrical application. We supply entire range of premium quality and economic feasible hylam sheets for the requirement of various industrial segments.

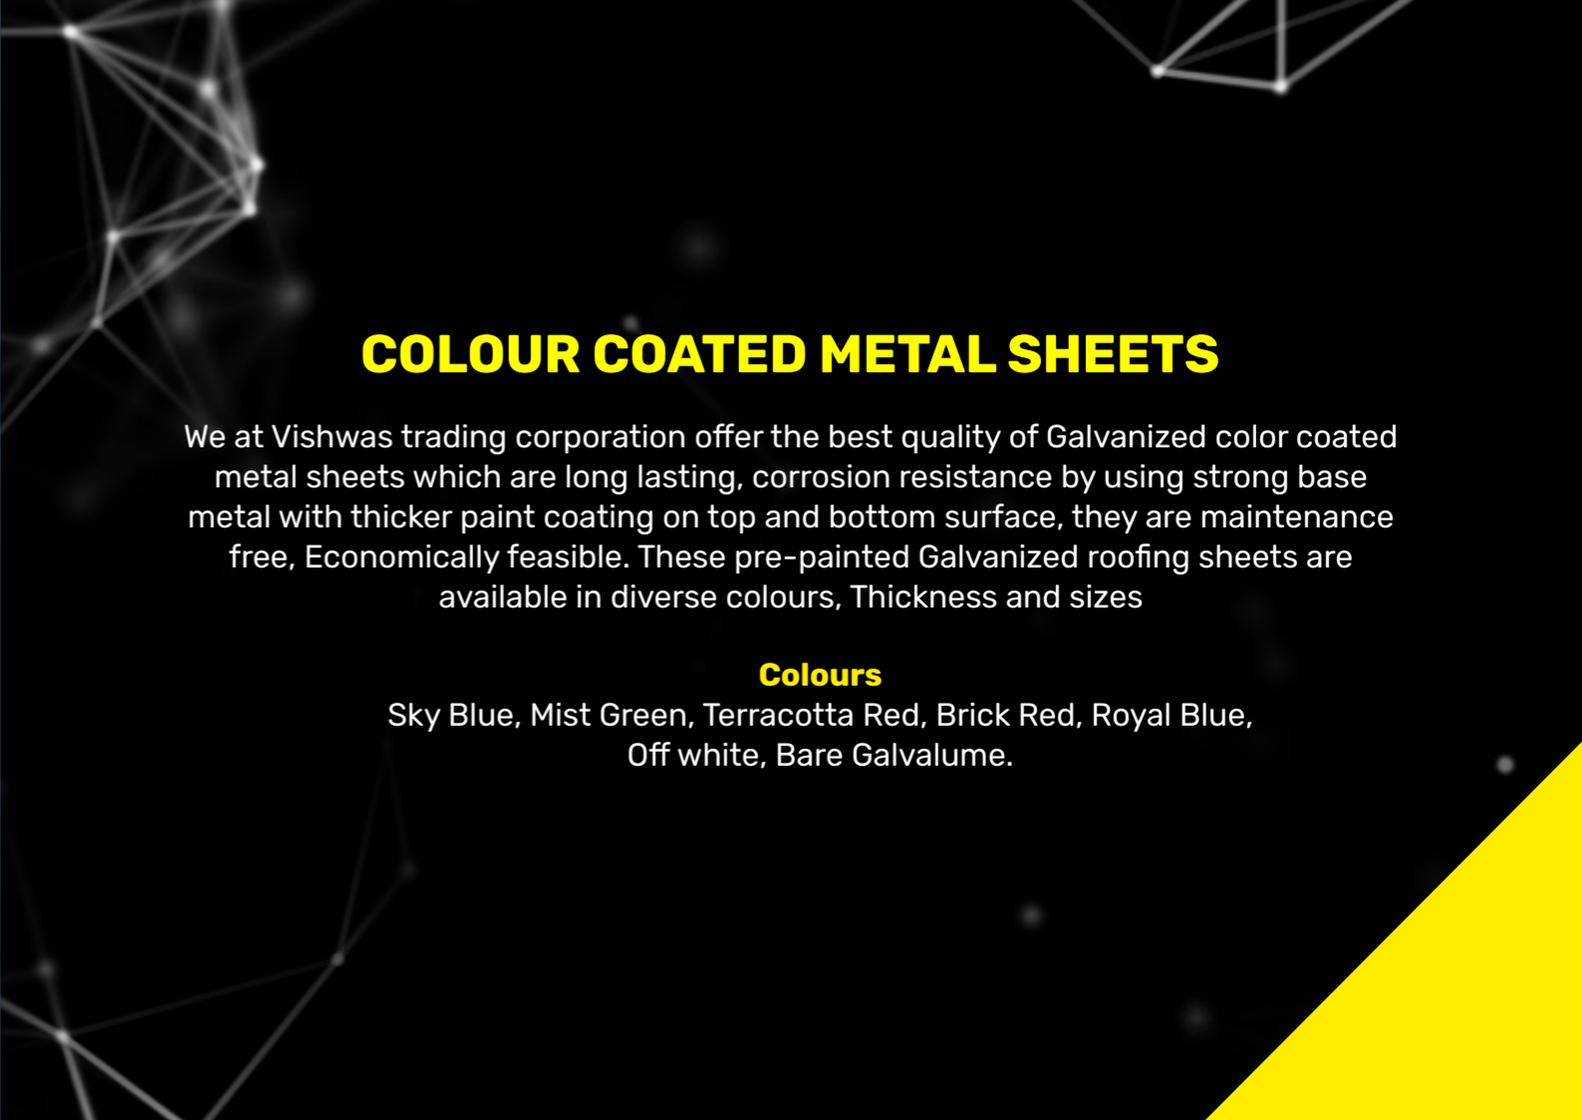

COLOUR COATED METAL SHEETS

We at Vishwas trading corporation offer the best quality of Galvanized color coated metal sheets which are long lasting, corrosion resistance by using strong base metal with thicker paint coating on top and bottom surface, they are maintenance free, Economically feasible. These pre-painted Galvanized roofing sheets are available in diverse colours, Thickness and sizes

Colours

Sky Blue, Mist Green, Terracotta Red, Brick Red, Royal Blue, Off white, Bare Galvalume.

TURBO VENTILATORS

Turbo ventilators are designed mainly to exhaust the air which contains humidity, dust, smoke, chemical fumes, irritants gases from the roofed area in building to create a workable, productive and healthier environment to workers.

Turbo ventilators are energy saving as it does not require any form of electricity to run, it is operated through the natural wind by letting in the natural fresh air inside and exhausting the stale air, ventilators are extensively engineered and designed against leakage in rainy season. These ventilators once installed works throughout the year without any maintenance.

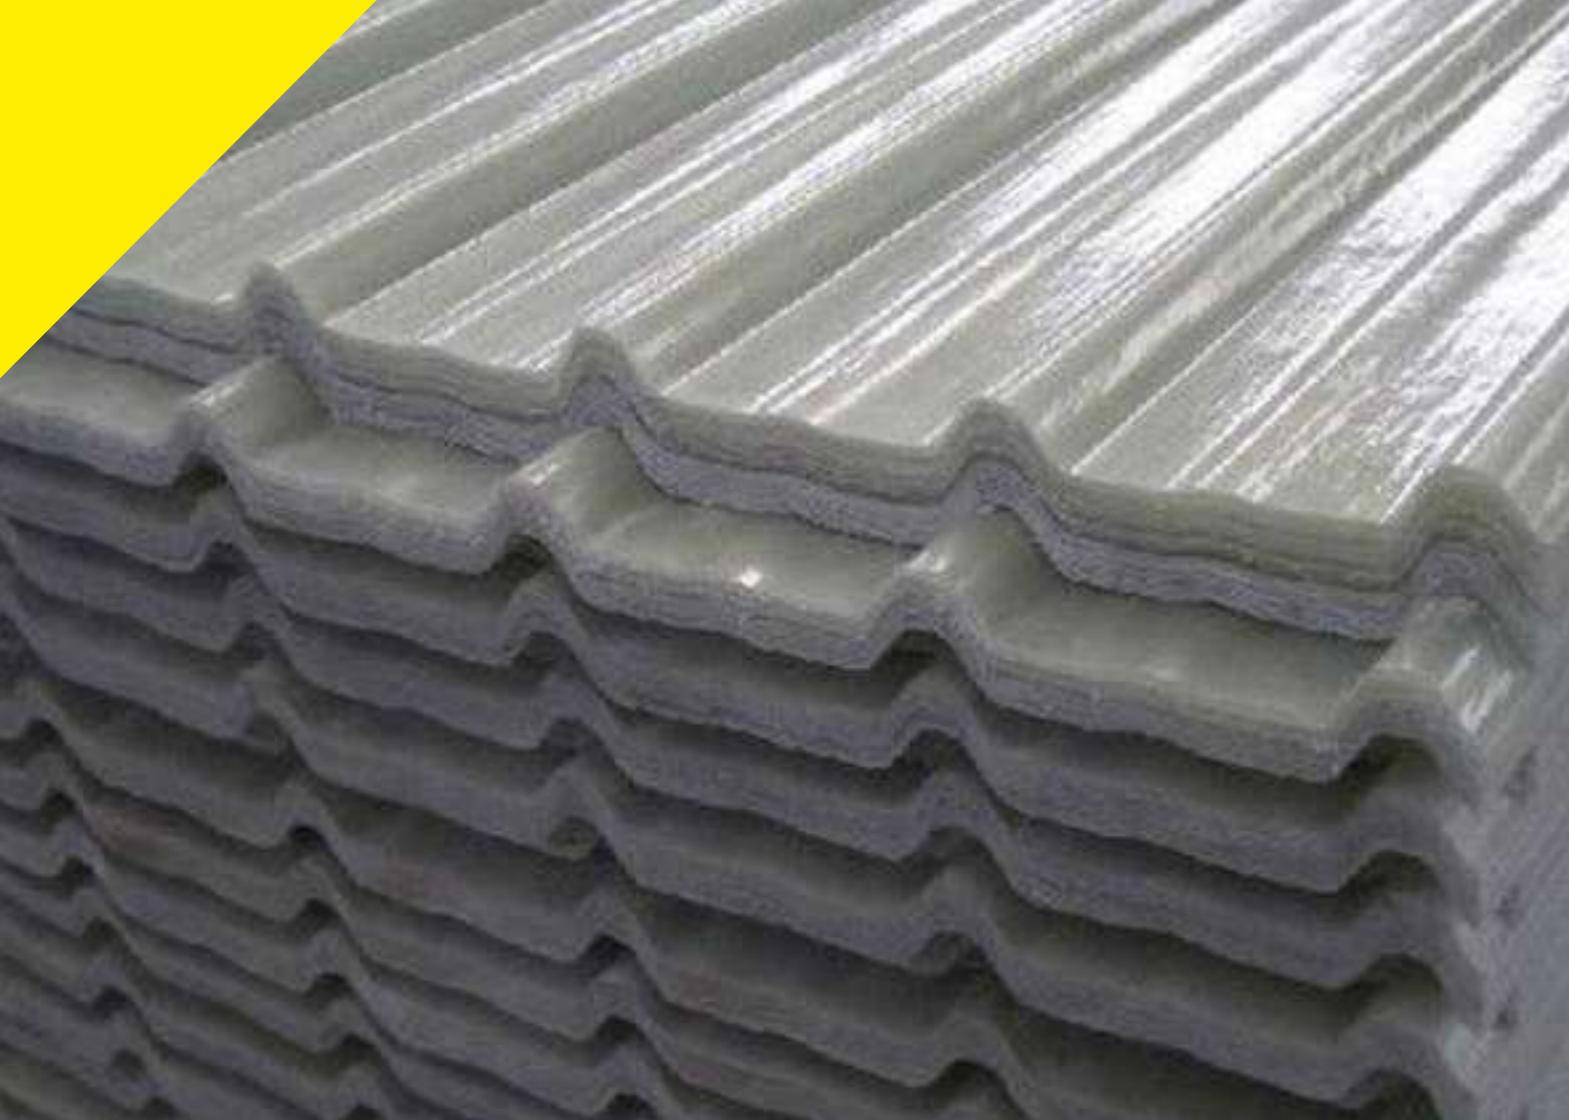

SANDWICH PANEL SHEETS

Our company specializes in offering wide range of high quality Sandwich Panel sheets used for Roofing, wall cladding and cold room walls. The main reason for customer to opt for sandwich panel sheets are for it great thermal insulation which reduces the temperature inside the building in summer and blocks extensive cooling during winter, This helps to brings down the operating expenses of the customers. It is easy to install and can be customized to any length, highly durable and All weather resistant with low maintenance cost.

Colours

Sky Blue, Mist Green, Brick Red, Off white.

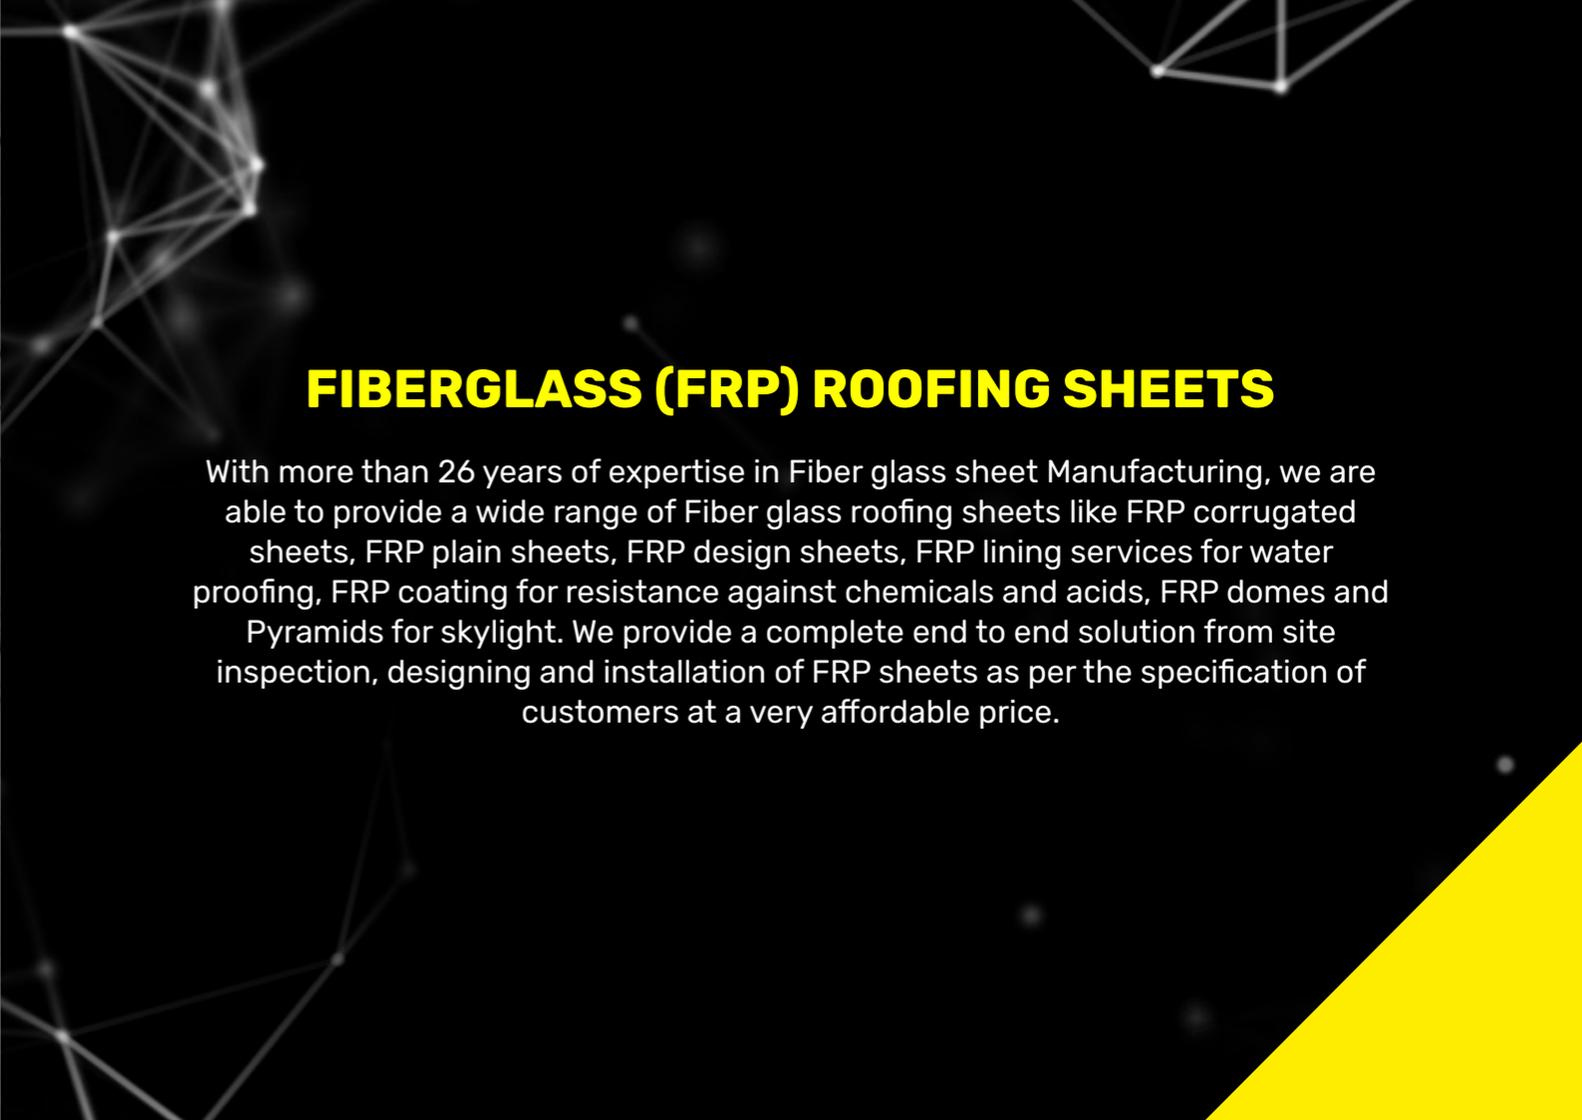

DIFFUSER SHEETS

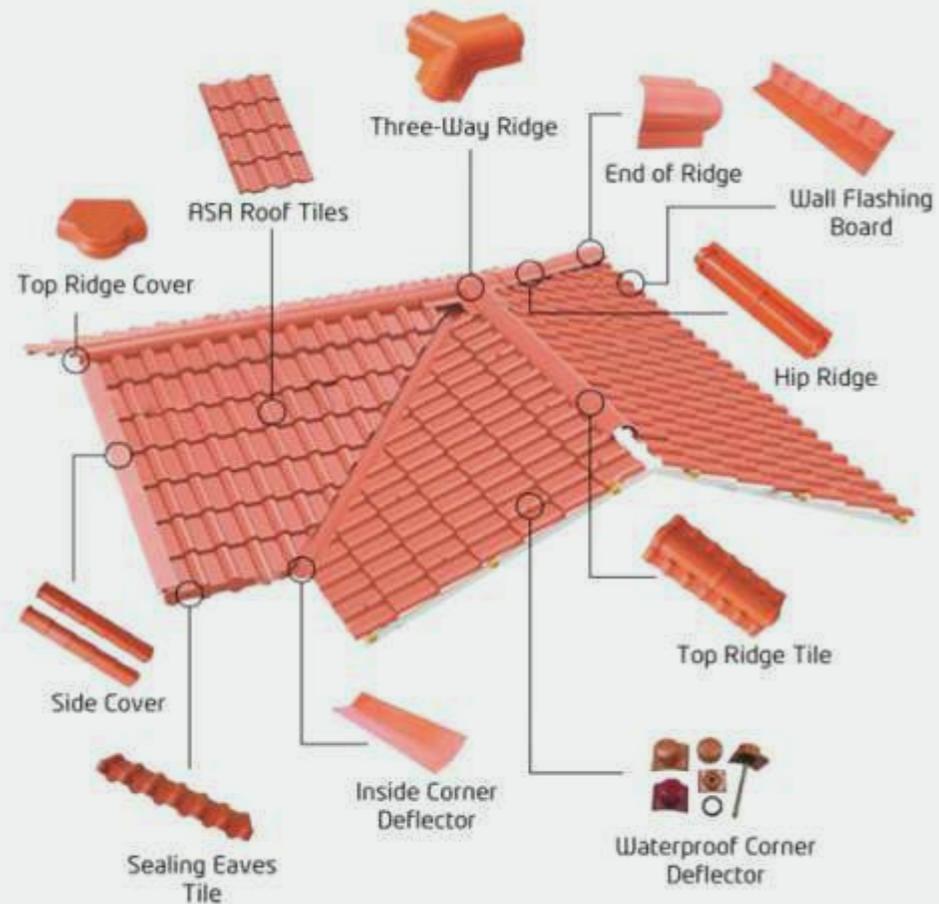

Diffuser Sheets are the sheets which help the dispersion of LED light to soft light with maximum light transmittance with purity and clarity. These sheets have become the principal choice of lighting solution for manufacturers to fulfill the customers needs and requirements. These sheets are energy efficient, environmentally conscious, offer long term heat stability, Thermoformed to wide range of designs and shapes, light weight and easily fabricated.

FIBERGLASS (FRP) ROOFING SHEETS

With more than 26 years of expertise in Fiber glass sheet Manufacturing, we are able to provide a wide range of Fiber glass roofing sheets like FRP corrugated sheets, FRP plain sheets, FRP design sheets, FRP lining services for water proofing, FRP coating for resistance against chemicals and acids, FRP domes and Pyramids for skylight. We provide a complete end to end solution from site inspection, designing and installation of FRP sheets as per the specification of customers at a very affordable price.

ROOFING ACCESSORIES

We have a vast range of roofing accessories used by our fabricators for various industrial, commercial and residential purposes. We supply Valley gutters, Roof ridges, Corner flashing, Gable flashing, standard Gutters, Downpipe, End caps, Funnel, louvers, Decking sheets and Self tapping screws. All the above accessories are available in standard size, thickness and colors and many of them can be customized to client's requirement.
